ASSEMBLING THE REEL MOWER GRASS CATCHER

4) Assembly is almost complete –

5) To install the strap, set grass catcher as pictured below

ASSEMBLING THE REEL MOWER GRASS CATCHER

- 6) Insert the strap into the slit in the Grass Catcher, underneath the metal frame, and back out of the slit in the Grass Catcher

- 7) Insert the plain end of the strap through the center of the plastic clip piece on the other end of the strap

ASSEMBLING THE REEL MOWER GRASS CATCHER

8) Slide flat end of strap back through plastic clip, as pictured below

9) Pull strap tight

ASSEMBLING THE REEL MOWER GRASS CATCHER

- 10) Grass Catcher is assembled and ready to be installed onto the Reel Mower. Lift handle of Reel Mower so that back of unit is exposed, then locate the two black “clips” located behind the wheels

- 11) Hook the frame of the Grass Catcher onto the clips – one on each side of the Reel Mower
12) Lift the Grass Catcher by the strap, and insert the hook into the appropriate area located on the handle

- 13) The Reel Mower and Grass Catcher are ready to go
