

# WELCOME TO YOUR DREAM GARDEN.

Hard as it is to believe, a simple 10 by 20 foot outdoor area can contain as much as 20,000 lbs. of hard, compacted dirt. That's ten tons! Intimidated? Don't be!

Beginning to turn that space into a luscious bed of greenhouse quality soil can be done quickly and easily with a lightweight Mantis Tiller.

All successful gardens start with great soil...and great soil starts with Mantis. Mantis provides you with the power to grow the plants, flowers and vegetables you've always longed for.

There are many reasons why gardens are unsuccessful. But among the main reasons are bad soil or planting at an insufficient depth. But establishing deep beds of good soil takes time and a lot of hard work – unless you use a Mantis Tiller!

## It's Time to Meet Your Mantis.

There are only so many ways to dig into the ground, and most of them aren't pleasant. shovels, pick axes, hoe etc. Using hand tools like that is hard work and time consuming.

What if there was a machine that could dig easily and fast, while being lightweight and easy-to-maneuver. There is!

The Mantis Tiller is light enough to carry to the garden with one hand! It's the lightest, easiest-to-handle mini-tiller. Plus it's fun to use.

Great for almost anyone! Just about anyone who wants a beautiful garden can pick-up and effortlessly use a Mantis Tiller. This is not your Grandpa's tiller! What used to take hundreds of pounds of steel to cultivate the earth, now can be done in minutes with a fraction of the weight.

LIFETIME TINE GUARANTEE

How? It's pretty simple. Innovation!

First, we developed unique, curvy digging tines that can really bust through tough sod, packed soil and hard clay easily

Then, to turn these tines very fast – we engineered a transmission with an innovative gear design.

Finally we powered everything with durable engines placed directly over the tines where the weight is distributed and most useful.

There is virtually no end to the wonderful things the Mantis Tiller can help you do in your garden!

- Create a vegetable garden
- Establish flower beds
- Power weed quickly
- Create a rain garden
- Plant trees, shrubs & evergreens
- Care for your lawn
- **Optional attachments add even more value!**

There's a tiller model perfect for every garden starting at just **\$339.00!**
